

## Presidential Search for DGIST(Reannouncement)

The Daegu Gyeongbuk Institute of Science and Technology (DGIST) cordially invites applications for the esteemed position of President. DGIST is a distinguished government-funded research university that specializes in science and technology. Since its establishment in 2004, DGIST has strived to achieve national scientific and technological advancements and balanced regional development as stipulated in the Daegu Gyeongbuk Institute of Science and Technology Act. To this end, DGIST focuses on nurturing talented individuals capable of driving innovation in science and technology, conducting research in knowledge-based industries and advanced science, promoting the transfer and commercialization of technology, and supporting entrepreneurial activities. As DGIST approaches its 20th anniversary, our vision is to become a world-renowned research university in the field of science and technology. We are committed to continuing our legacy of excellence and innovation by attracting top-tier students, faculty, and researchers from around the globe. By fostering a culture of collaboration, creativity, and interdisciplinary learning, we aim to lead the way in shaping the future of science and technology research.

The successful candidate will be expected to be a visionary leader with a proven track record in academic administration and management, and a deep understanding of the landscape of science and technology research. The President will be responsible for leading the university towards achieving its strategic goals and promoting its vision and mission globally. The ideal candidate will possess excellent communication and interpersonal skills and the ability to cultivate strong relationships with stakeholders both inside and outside the university.
