

KSEA Senior Forum Series

Welcome to our KSEA Senior Forum Series!

Our goal is to provide KSEA seniors with a safe and supportive space to come together, learn from each other, and share experiences. We will be hosting monthly forums focusing on topics relevant to seniors, such as health and wellness, finances, and social activities. Our forums are open to the public, and we invite KSEA seniors of all ages and backgrounds to join us.

JPL and Deep Space Exploration

A brief history of Jet Propulsion Laboratory (JPL) is presented. Its relationship with NASA and Caltech is described. JPL is the NASA lead center for deep space exploration. JPL developed successfully the first US artificial satellite, Explorer 1 right after Russia's Sputnik 1 which kicked off the space race. Selected missions are discussed: the legendary Voyager 1, 2, Cassini (mission to Saturn and moons), Europa Clipper (mission in search of sub-surface ocean) and Mars Sample Return.
