

Last Mile Education Fund closes critical gaps in funding and career support for financially vulnerable college students in the “last mile” to graduation in high-demand tech and engineering fields, addressing both economic mobility and the talent crisis in tech and tech-enabled industries.

Eligibility

Last Mile supports students residing in the United States who are:

- ✓ Within four semesters of attaining a degree or nearing certification completion; funding is available for 2-year, 4-year, and graduate students.
- ✓ Able to provide evidence of financial need.
- ✓ Experiencing a financial obstacle to progress toward the completion of an eligible degree.
- ✓ Actively enrolled in a U.S. institution of higher education.
- ✓ In pursuit of a degree or certification in a high-demand STEM field (computing, engineering, technology, cybersecurity, data science, etc.) Eligibility varies by funding source.
- ✓ Able to complete a W8 or W9 form and provide a Social Security Number or an ITIN.
- ✓ Able to provide a valid LinkedIn profile with a photo.
- ✓ Able to provide a U.S.-based email and mailing address (required for award disbursement).

Please note: eligible majors vary by fund.

General Opportunities

Awards ranging from \$595 to \$10,000 to assist **juniors and seniors in tech-focused STEM majors** with financial barriers affecting their academic progress.

Can be used to cover:

Groceries and toiletries

Rent and utilities bills

Unexpected medical bills

Transportation support

Tuition assistance, books, and meal plans

Laptop devices

Career-building opportunities
